# EQUALITY IMPACT ASSESSMENT FORM

#### THE COUNCIL'S EQUALITIES STATEMENT

This Council recognises that people have different needs, requirements and goals and we will work actively against all forms of discrimination by promoting good relations and mutual respect within and between our communities, residents, elected members, job applicants and workforce.

We will also work to create equal access for everyone to our services, irrespective of ethnic origin, sex, age, marital status, sexual orientation, disability, gender reassignment, religious beliefs or non-belief, use of Welsh language, BSL or other languages, nationality, responsibility for any dependents or any other reason which cannot be shown to be justified.

EIAs are a legal requirement under equalities legislation (Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011) where the potential for a significant negative impact has been identified. This legislation has been in place since 2000. We also have a legislative duty to:

- eliminate unlawful discrimination, harassment and victimisation and other conduct that is prohibited by the Equality Act 2010
- advance equality of opportunity between people who share a relevant protected characteristic and those who do not
- foster good relations between people who share a protected characteristic and those who do not.

The Act explains that having due regard for advancing equality involves:

- removing or minimising disadvantages experienced by people due to their protected characteristics
- taking steps to meet the needs of people from protected groups where these are different from the needs of other people
- encouraging people with protected characteristics to participate in public life or in other activities where their participation is disproportionately low.

The protected characteristics are:

- Age
- Disability
- Gender Re-assignment
- Marriage and Civil Partnership
- Pregnancy and Maternity
- Race
- Religion, Belief or Non-Belief
- Sex
- Sexual Orientation
- Welsh Language\*
- \* The Welsh language is not identified as a protected characteristic under the Equality Act 2010, however in Wales we also have to treat Welsh and English on an equal basis as well as promoting and facilitating the use of the Welsh language.

#### THE EQUALITY IMPACT ASSESSMENT

#### \*Throughout this Equalities Impact Assessment Form, 'proposal' is used to refer to what is being assessed, and therefore includes policies, strategies, functions, procedures, practices, initiatives, projects and savings proposals.

The aim of an Equality Impact Assessment (EIA) is to ensure that Equalities and Welsh Language issues have been proactively considered throughout the decision making processes governing work undertaken by every service area in the Council as well as work done at a corporate level.

The Council's work across Equalities, Welsh Language and Human Rights is covered in more detail through the **Equalities and Welsh Language Objectives and Action Plan 2016-2020**.

When carrying out an EIA you should consider both the positive and negative consequences of your proposals. If a project is designed for a specific group e.g. disabled people, you also need to think about what potential effects it could have on other areas e.g. young people with a disability, BME people with a disability.

There are a number of supporting guidance documents available on the **Corporate Policy Unit Portal** and the Council's Equalities and Welsh Language team can provide advice as the EIA is being developed. Please note that the team does not write EIAs on behalf of service areas, the support offered is in the form of advice, suggestions and in effect, quality control.

# PURPOSE OF THE PROPOSAL

1	<ul> <li>What is the proposal intended to achieve? (Please give a brief description and outline the purpose of the new or updated proposal by way of introduction.)</li> <li>Property Services propose a reduction in the Annual Disability Discrimination Act (DDA) adaptation budget from £65,163 (2019/20) to £35,163 (2020/21). The saving of £30,000 will be an MTFP saving.</li> </ul>
2	<ul> <li>Who are the service users affected by the proposal?</li> <li>(Who will be affected by the delivery of this proposal? e.g. staff members, the public generally, or specific sections of the public i.e. youth groups, carers, road users, people using country parks, people on benefits etc. Are there any data gaps?)</li> <li>No users should be affected by the proposal for the reasons outlined in 3 below.</li> </ul>

## IMPACT ON THE PUBLIC AND STAFF

3

Does the proposal ensure that everyone has an equal access to all the services available or proposed, or benefits equally from the proposed changes, or does not lose out in greater or more severe ways due to the proposals?

Yes

The Council is committed to making its buildings, services and facilities accessible to everyone and must comply with a wide range of legislation and employment regulations in the field of equalities, including the Equalities Act 2010. A designated disability access building improvement budget has been in place since 2005. Access audits have been completed on all of our public access buildings and over £5m has been invested in accessibility improvement works over the past 14 years.

The goal has been to bring all public accessed buildings up to the Foundation Standard. In summary the four criteria of the Foundation Standard are the provision of clearly marked accessible parking bays, an accessible main entrance, a suitable reception with a low level counter and hearing loop system and an accessible WC near to the reception area.

The available budget has been efficiently administered and utilised and the Council is now in a much improved position with all our public access buildings, some 260 in total, now achieving the Foundation Standard.

With a fairly static building stock the law of diminishing returns applies and the access improvement budget can now be further reduced without negative impact on accessibility. The residual budget is considered adequate for the diminished demand but in the unlikely event that additional funds are required for access improvement works then the general building maintenance fund would be utilised.

4	4 Is your proposal going to affect any people or groups of people with protecte characteristics?	
	(Has the service delivery been examined to assess if there is any indirect effect on any groups? Could the consequences of the policy or savings proposal differ dependent upon people's protected characteristics?)	

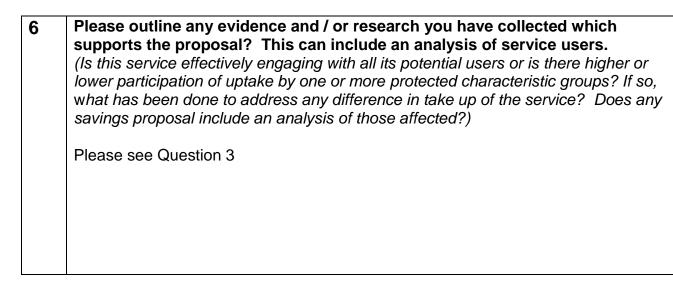

Protected Characteristic	Positive, Negative, Neutral	What will the impact be? If the impact is negative how can it be mitigated?
Age	N	
Disability	N	
Gender Reassignment	N	
Marriage & Civil Partnership	N	
Pregnancy and Maternity	N	
Race	N	
Religion & Belief	N	
Sex	N	
Sexual Orientation	N	

5 In line with the requirements of the Welsh Language Standards. (No.1) Regulations 2015, please note below what effects, if any (whether positive or adverse), the proposal would have on opportunities for persons to use the Welsh language, and treating the Welsh language no less favourably than the English language.

(The specific Policy Making Standards requirements are Standard numbers 88, 89, 90, 91, 92 and 93. The full detail of each Standard is available on the Corporate Policy Unit Portal. Although it is important that what is outlined in the proposal is available in Welsh and English, please consider wider impacts on Welsh speakers.)
